A MATTER OF HOSPITALITY

When travelers stopped at the Sepulveda casa on Rancho Palos Verdes, they were welcomed with the overflowing hospitality so typical of early California.

It was customary to place some coins, discreetly covered by a napkin, in the guest rooms of the rancho and it was understood that if the visitor had need he would help himself. Donna Sepulveda looked after the supply, and woe be unto anyone inconsiderate enough to count the money. To offer to pay for your lodging or to hasten your departure would have been a gross breach of courtesy.

It is fitting that the friendly hospitality, so much a part of the early rancho, will again make welcome all those who come to live in this historic place. For here on Rancho Palos Verdes, in one of several beautifully planned communities now being developed, contemporary Californians like yourself will be able to find the home of their dreams.
